Your success in the Red Dot Award: Product Design 2026

Dear Ms RAK Ceramics,

Congratulations on your success in the Red Dot Award: Product Design 2026!

In a strong field of participants with numerous entries from companies and design studios around the world, your products convinced the judges with their outstanding design and quality. The international Red Dot Jury honoured this great achievement with a special recognition. With the Red Dot Winner Label and an exclusive presentation of your award-winning products in the Red Dot Design Yearbook, on our website and in our exhibitions, your success gets the stage it deserves.

Transform this success as a visible sign of excellent design and strategically use the Red Dot Winner Label in your communication. "Winning is the Beginning" – now is the perfect moment to promote your well-designed products: whether in press releases and brochures, at trade fairs and on websites, in stores and online shops or on social media.

It would be my sincere pleasure to celebrate your success together at the award ceremony during the Red Dot Gala at the Aalto Theatre and the Designers' Night at the Red Dot Design Museum on 7 July!

Warm wishes,

Professor Dr. Peter Zec  
Founder and CEO of Red Dot
